RESPONSE TO OFFICE ACTION AND INTERVIEW SUMMARY

Dear Sir:

In response to the Office Action mailed on October 6, 2004 and the examiner interview held on November 16, 2004, please consider the following remarks.

A telephonic interview was held on November 16, 2004 between Applicant's representative (the undersigned), Examiner Merilyn Nguyen, and Supervisory Patent Examiner (SPE) Safet Metjahić. Agreement was reached that Davani (U.S. Patent no. 6,208,839) does not render the present invention unpatentable.

More specifically, Applicant explained that the rejection remains traversed, for the same reasons set forth in the response filed on August 2, 2004, the remarks of which

are incorporated by reference herein. Applicant also explained why the Examiner's subsequent rebuttal, found on p. 12 of the present Office Action, is incorrect. In particular, Applicant explained that, contrary to the Examiner's contention, the storing of tokens is not optional in the system of Davani for purposes of allowing a wireless client device to access bookmarks or favorites stored on a remote server. The Examiner and SPE agreed with this point and, accordingly, that Davani does not render the present invention unpatentable

Therefore, Applicant respectfully requests that the rejection be withdrawn.

For the foregoing reasons, the present application is believed to be in condition for allowance, and such action is earnestly requested.

If any additional fee is required, please charge Deposit Account No. 02-2666.

Respectfully submitted,
BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN LLP
